Subject: Advisory for Candidates regarding Aadhaar Data Updates and Biometric Authentication.

The Staff Selection Commission (SSC) invites attention of the candidates to the advisories issued by the Unique Identification Authority of India (UIDAI) regarding Aadhaar authentication and biometric validation.

2. To ensure a seamless, secure, and expeditious identity verification in examination process, all candidates are advised to adhere to the following directives:

- **Update of Demographic and Biometric Details:**

Candidates must ensure that their demographic particulars (such as name, date of birth, and address) and biometric records (including fingerprints, iris scans, and facial data) are updated.

- **Permanent Unlocking Status Throughout Examination Duration:**

UIDAI facilitates both temporary and permanent biometric unlocking options. Candidates are hereby notified that a **temporary unlock is valid for a duration of 10 minutes only**, which is inadequate for the multi-tiered verification protocols executed at examination centers. Accordingly, candidates must ensure that their biometrics remain **permanently unlocked** for the entire duration of the examination process, encompassing entry, biometric authentication, in-exam verification, and exit procedures. Candidates may however, re-lock their biometric credentials subsequent to the successful conclusion of the examination, if they so wish.

3. Candidates are strongly advised to complete all necessary modifications and verify their Aadhaar authentication status well in advance to preclude any last-minute administrative inconveniences.
